Email: Butchers@worldventure.net

ANSWERS TO PRAYER

- We're at **46% of our monthly pledges** and that does not include one of our new local church partnership pledge amounts! We're almost to 50%. Once we reach 100% we can move to France.
- We've contacted **all three local churches** to see when we might meet to pray. We look forward to scheduling a visit soon!
- We currently have **\$37,861.24** in our out-going expense account! Over 75% of this amount has come from monthly financial partners who have been giving faithfully for more than a year. We have over 70 monthly financial partners!

PLEASE PRAY FOR...

- Prayer meetings with staff and church members of our **local church partnerships** to pray about our partnership and to seek the Lord together as we continue along in support discovery. These prayer meetings would mean weekend travel, so we want to schedule trips wisely.

- Speaking to some **home-schoolers** on May 28, about missions.
- Us to be wise in **time management**. We want to devote time to WorldVenture tasks while continuing to adjust to being parents of two children.
- After talking with the Owens (Abigail's sister, brother-in-law, their son Ethan, and baby boy Owens due in August) who are already in France, we've learned that the **out-going expense account goal of \$50,000 is not sufficient** for getting set up for living costs in France! **The Euro (see photo)** is indeed strong these days. Also, to live in an apartment, one must have a full year's rent sitting and staying in the bank before moving in. This most likely means having at least \$20,000 set aside! Pray with us that we'll have just what we need to travel, purchase a car if necessary, start language school, and rent an apartment!
