*"Sharing the Gospel and
our lives with the Military"*

Cadence International began with ministering to American military families 53 years ago. There are 1.6 million active men and women (with a total military community of 3.8 million) in our U.S. armed forces and we love these families who are willing to sacrifice themselves in service to our nation. With hospitality as our hallmark, we open our homes worldwide outside military installations and provide a home-away-from-home for these men and women.
